AQHA

Gentlemen:

I would like to state a few facts about Guy Ray Rutland.  
To start with he was one of the greatest horsemen Ive ever had the  
privilege of knowing.

He had a brain with a memory, that you could ask him any question  
about any horse, and he could give you the breeding , on both top amd  
bottom sides, before a computer could even warm up..

One of the great things I admired about Guy Ray was his word. When  
he told you something you could go to the bank with it. I trusted  
his judgement very much.

He was a wonderful horseman and he worked very hard to make his  
dreams come true, learning what breedings to put together, etc. Ive  
never met anyone who loved horses more that Guy Ray.

If anyone is entitled to be placed in the AQHA Hall of Fame, it  
should be the horseman's friend, Guy Ray Rutland.

Sincerely

*O. J. McKay*
