If you are unable to attend the sale, your mail bid or phone bid will be handled with confidence. If you are the successful purchaser, we will take care of your colt until you can come for it, or we will help arrange for transportation.

A recent visitor to the ranch said "This is the best overall, and largest, bunch of colts with the best potential to get a winner, of any bunch of colts in the United States!" The odds are in the buyer's favor that he will get a winner. The larger percent of my mares are ROM or producers of ROM foals, or full sisters to ROM or producers of ROM or AQHA Champions, or mares that have produced winners at halter, racing or performance.
